"STUDENTS OF ALL ABILITIES RECOGNIZED"

Dear Parents:

Thank you for your interest in the SOAAR (Students of All Abilities Recognized) Program at NCA International. We believe that all children are capable of learning, yet we understand that children may need various levels of support in order to be successful in the classroom. The SOAAR Program at NCA seeks to provide individualized support for children with disabilities, while including all children within the general education classroom to the fullest extent possible. Individual Education Programs (IEPs) will shape the educational goals for your child, and will outline which supports are needed in order for your child to reach his or her goals each academic school year. We invite you to explore what SOAAR has to offer your child, and complete the following application to enroll your child in the SOAAR program at NCA.

Respectfully,

Andrew Ippel, SOAAR Program Coordinator

What is the SOAAR Program?

The SOAAR program provides individualized support for learners with disabilities, supporting students within the general education classroom as much as possible, while allowing for special education support as deemed necessary. Each student’s needed supports may be outlined in an individualized education program (IEP), developed by school staff and families through an annual collaborative process.

The SOAAR program offers “tiers” of support to individual learners based on students’ gifts and needs.

Tier Level	<i>Possible supports include:</i>
<p>Tier 1: <i>Consultation provided by Learning Resources or SOAAR teacher</i></p>	<p>Classroom modifications in general education classroom (i.e. specialized seating and equipment, organizational support, learning strategies, testing accommodations, behavioral support) provided through consultation with SOAAR department; participation in after-school tutoring program.</p>

<p>Tier 4: <i>Maximum support provided by SOAAR classroom teacher</i></p>	<p>See Tier 3 Support, except increased modified instruction from the SOAAR classroom teacher in special education classroom as needed; instruction with general education peers whenever possible.</p> <p>SOAAR assistants required for inclusion for behavioral support or to meet physical needs: student assistant ratio of 1:1</p>
<p>Non-eligible students for SOAAR program</p>	<p>Students with behaviors that create potentially dangerous situations to themselves or others within the NCA community.</p> <p>Students with learning difficulties <i>primarily</i> as a result of English language learning</p> <p><i>SOAAR team makes all final decisions regarding admission to the program.</i></p>
